

Delivering on the Renovation Wave: Supporting Narratives & Financing

Tuesday, 27 April 2021 - 14:00 - 16:30 (CET)

Joint event organised by the Covenant of Mayors - Europe office, Energy Efficiency Watch 4 & ORFEE project

Registrations: <https://www.eventbrite.co.uk/e/delivering-on-the-renovation-wave-supporting-narratives-financing-registration-149669817453>

Delivering on the Renovation Wave: Supporting Narratives & Financing

The Renovation Wave sets very ambitious targets and high challenges for municipalities. How to convince local decision makers and engage key local stakeholders for action? Who can be the winning coalition? How to finance bundled projects smartly and get third party financing? How municipalities can create one-stop-shops for boosting renovations?

This webinar is aiming to discuss the above questions with signatories of the Covenant of Mayors in an interactive way, getting also feedback on the narratives, being developed in the EEW4 project.

AGENDA

14:00-14:05 – Welcome and agenda – **Kristina DELY**, Project Manager, EEW4/ Energy Cities

14:05-14:15 – Presentation of the Covenant of Mayors – new political framework (climate neutrality)
Thibaut MARAQUIN, CoMO

Narratives – how municipalities can get engaged and engage others?

14:15-14:30 – Energy Efficiency Watch Survey Results: towards new narratives for the energy transition
Megan GIGNAC, ESV Upper Austria Energy Agency on behalf of the EEW4

14:30-14:45 – Draft case studies to foster the energy transition
Daniel BECKER, Director, Guidehouse

14:45-15:15 – Discussions and poll questions on priorities and narratives

Financing the renovation wave: from local to European level

15:15-15:30 – One-stop shops and third party financing companies to boost private housing energy-efficient renovations: the case of Innovate & ORFEE

15:30-15:45 – The experience of Bordeaux
Pierre LEVI, Director for the Energy Transition, Bordeaux Métropole Energies

15:45-16:00 – European funds to finance the “Renovation wave”
Hadrien MICHEL, Policy Officer, DGENER

16:00-16:30 – Q&A and Closing of the webinar
